The Beavercreek campus consists of one building on 3.6 acres. Additionally, the College has leased training facilities in Tremont City as well as leasing space at the Greene County Career Center, Miami Valley CTC, Ohio Hi-Point and Springfield-Clark CTC.

POLICIES

Alcohol Policy

The Clark State Community College Performing Arts Center and the Hollenbeck Bayley Creative Arts & Conference Center hold a liquor license for the sale of alcoholic beverages. Individuals or organizations may be granted permission to serve alcoholic beverages in other campus buildings in compliance with Ohio State Liquor Laws. The unauthorized use and/or distribution of alcoholic beverages on College owned or controlled property or at College sponsored events are strictly prohibited. Underage persons consuming alcohol and/or anyone found in violation of the liquor laws shall be subject to arrest, criminal prosecution, and disciplinary action by the College.

Drugs

The unlawful possession, use, or distribution of any drug or controlled substance is prohibited on College owned or controlled property or at College sponsored events. Anyone found in violation of the drug laws shall be subject to arrest, criminal prosecution, and disciplinary action by the College.

The Counseling Center at Clark State Community College has an independently licensed mental health counselor who provides screenings and referrals for students struggling with alcohol/drug use. Students can be referred to treatment centers within their community as well as 12-step support groups; pamphlets explaining these local resources are available in the Counseling Center. For students requesting information about alcohol/drugs, educational information about warning signs of abuse and dangers of alcohol/drugs is also available. The Counseling Center is located in Rhodes Hall on the Leffel Lane Campus in Room 224. Hours are 9:00 a.m. to 3:00 p.m. Monday through Friday. Melinda Van Noord MS LPCC-S, Counselor, can be contacted at 937.328.7961. Treatment programs for faculty and staff covered under our insurance plan can be found on Anthem's website (www.anthem.com).

Firearms/Dangerous Weapons

The possession of firearms, explosive devices, fireworks, dangerous or illegal weapons, or hazardous materials on College owned or controlled property or at College sponsored events is prohibited. A valid license does not authorize the licensee to carry a concealed handgun into any facility on College owned or controlled property. Anyone found in violation of the firearms, deadly weapon, dangerous ordinance, or concealed carry laws shall be subject to arrest, criminal prosecution, and disciplinary action by the College.

Sex Offender Notification

House Bill 180 (21st General Assembly) concerning the registration of sex offenders and community notification of registered sex offenders went into effect July 1, 1997. The law, commonly known as Megan's Law, requires certain sex offenders to register with the Sheriff in the county in which they reside. The Sheriff must notify the College of any such registrations.

The Campus Sex Crime Prevention Act went into effect on October 28, 2002. This federal law provides for tracking of convicted, registered sex offenders enrolled as students at institutions of higher education, or working or volunteering on campus. This act amends the Jacob Wetterling Crimes against Children and Sexually Violent Offender Registration Act. Clark State Community College is notified by mail about individuals registered as sexual predators and individuals registered as habitual sex offenders with community notification. Rape/Sexual Assault/Dating Violence/Stalking

Clark State will sponsor rape and sexual assault awareness education/prevention programs during the academic year to all members of the campus community. Victims of rape/sexual assault, dating violence, or stalking are strongly encouraged to report incidents to the Campus Police Department. Emergency Preparedness/Homeland Security

It is important that visitors, students, guests, and employees feel safe on campus. This information can be found at <http://www.dhs.gov/national-terrorism-advisory-system>.

Emergency Response and Evacuation Procedures

The College's emergency response and evacuation procedures are outlined in the Crisis Response Manual (soon to be available as an app for mobile devices - Mobile Emergency Response Plan) which is distributed widely to the campus community. Upon the confirmation of a significant emergency or dangerous situation involving an immediate health or safety threat, students, faculty and staff will be notified via the College's mass notification system (Eagle Alert System), mass e-mails, megaphones, and/or in person by assigned Building Project Officers and Campus Police. This notification will occur without delay and shall be worded appropriately depending on the emergency. The Vice President for Business Affairs will determine when there is a significant emergency and who shall be notified and shall also initiate the notification. Evacuation procedures are reviewed periodically. Campus Police will work closely with the Vice President for Business Affairs and Building Project Officers. The Vice President for Business Affairs will stay in contact with the College President and the College Relations Department. Any off-campus communication that is deemed necessary will be determined by the College Relations Department. Building Project Officers meet on an annual basis to review emergency response and evacuation procedures and plan an annual evacuation exercise.

The BIT members represent various areas on campus. The BIT is intended to be an immediate intervention that addresses student situations that may pose threat of harm or be disruptive to student and College safety, security or operations, thus impeding the College's educational mission and preventing academic and personal success. A BIT team member can be contacted at the Springfield campus by calling 937.328.6056. Services provided include Crisis Intervention and Assessment, Consultation and Referral, Personal Development Workshops, Short-term Counseling and a Peer Listening Program.

Counseling and the Peer Listening Services are available on a walk-in basis, however, appointments are strongly encouraged. Counseling sessions are free and confidential (except in cases in which disclosure of information is necessary to protect the student or others from physical harm or life-threatening injuries) otherwise no information will be released without the student's written permission. Students are encouraged to seek the Counseling Center's help and guidance in a proactive manner. The Counseling Center's office hours are: Monday through Friday 9:00 a.m. to 3:00 p.m. The office is located in Rhodes Hall, Room 224. CRIME REPORTING

The Campus Police Department is here to serve the entire Clark State community. However, they cannot do it alone. They need and seek your assistance at all times. Clark State currently does not have a policy allowing voluntary, confidential crime reporting. However, information divulged during pastoral/professional counseling can be done on a confidential basis. Anyone who is a victim or witness to a crime is encouraged to report the incident to Campus Police or the local authorities. All reports will be investigated. Campus crime and crime-related problems are communicated to all members of the campus community.

Crime Statistics

A comprehensive annual report of crime-related information is compiled, published, and distributed to all students and employees, and to any prospective student and employee upon request. Crime statistics are obtained from the Clark State Campus Police Department, Springfield City Police Department, Clark County Sheriff's Office, Beavercreek City Police Department, and non-police officials.

Faculty, staff, and students are notified via e-mail that the updated Annual Campus Safety Report is available in printed copy and online at <http://www.clarkstate.edu/student-life/safety-security/>. Additionally, the College's statistics as well as statistics submitted by other colleges and universities can be found on the U. S.
