

**INSTITUTIONAL ARTICULATION
AGREEMENT BETWEEN
OTTERBEIN UNIVERSITY
AND
CLARK STATE COLLEGE**

Otterbein University and Clark State College recognize the need to facilitate the transfer of students from **Clark State College** to Otterbein University to pursue and achieve their educational goals.

Otterbein University (Westerville, OH), founded in 1847, is a private, coeducational comprehensive four-year liberal arts institution affiliated with the United Methodist Church. The University serves approximately 3,000 students and offers more than 70 undergraduate majors and 50 minors. Otterbein University is accredited by The Higher Learning Commission (230 S. LaSalle Street - Suite 7-500, Chicago, Illinois 60604-1411, (312) 263-0456 or (800) 621-7440).

Clark State Community College, originally founded in 1962 as the Springfield and Clark County Educational Program, is a public two-year institution. Clark State offers more than 80 degrees and certificates in both technical and transfer programs.

It is understood by the parties that Clark State College is a state community college created pursuant to O.R.C. Chapter 3358, and is subject to certain applicable federal, state and local laws, including the Ohio Ethics Law, R.C. 102.03 and 102.04, and the Ohio Public Records Act, R.C. 149.43, *et seq.* Any record kept by that is deemed a public record is subject to release if a proper request is made. Both institutions are committed to, and will adhere to, applicable laws, regulations, policies, and guidelines effective after the date of this agreement. Otterbein and Clark State College will comply with all state and federal requirements related to data privacy and personally identifiable information obtained from an education record of a student, including the Family Educational Rights and Privacy Act (FERPA). Otterbein and Institution may access and use the educational data only for the purpose of transferring credits from one institution to the other.

While this Agreement is active and for a period of five years after its completion, the parties agree to maintain auditable records of all charges pertaining to this Agreement and make such records available to the other institution as reasonably required.

This agreement is contingent upon the availability of sufficient appropriated funds and the College Treasurers certification that such funds are available as required pursuant to the O.R.C. 3358.10.

In an effort to ease the transfer process and to promote the closer coordination of academic courses, programs and degrees offered by our institutions, we do hereby enter into the following institutional articulation agreement, in accordance with the guidelines and recommendations of the Ohio Articulation and Transfer Policy (HB 95).

1. Otterbein University and Clark State College shall adhere to the Ohio Articulation and Transfer Policy (HB 95).
2. Transfer students shall be subject to the catalog in force at the time of their admission to the receiving institution and to any revisions that occur after its publication and prior to their enrollment. Once admitted, transfer students shall be subject to the same regulations governing applicability of catalog requirements (including, but not limited to major, GPA, graduation, and/or residency requirements, policies, procedures, and standards) as native students. Furthermore, transfer students shall be

accorded the same class standing and other privileges as native students on the basis of the number of credits earned.

3. Recognizing the system of preparation afforded by the completion of an associate's degree, and in accordance with the Ohio Articulation and Transfer policy, Otterbein University will guarantee admission to the University and afford junior standing to all students who have earned an Associate's degree from Clark State College, provided their grade point average is at least 2.0 for all previous college-level courses.

Students so admitted will be considered for admission to selective programs (majors, minors, or fields of concentration) with the same guidelines that are applied to native Otterbein University students. Students are responsible for understanding and adhering to the selective admission requirements, according to catalog requirements, at Otterbein University.

Students who have not completed their degree, or who have earned a cumulative grade point average below 2.0, or those who have been dismissed previously from another institution will be considered for admission according to the admissions policy and standards of Otterbein University, according to catalog requirements.

4. Under this agreement, students of Clark State College will be encouraged to complete their associate's degree before transferring to Otterbein University.

Should a Clark State College student transfer to Otterbein University prior to completion of an associate's degree, Clark State College shall provide the opportunity for students to subsequently complete the associate's degree in absentia using Otterbein University course credit. In this interest, all course work completed at Otterbein University will be accepted and applied to associate's degree requirements at Clark State College consistent with the criteria used for native Clark State College students. The same course may also apply toward baccalaureate degree requirements at Otterbein University.

5. Students who have successfully completed an associate's degree at Clark State College who matriculate at Otterbein University under the terms of this agreement shall be considered to have completed that portion of the Otterbein University general education requirements approved by Otterbein University Curriculum Committee that are common to both Clark State College and Otterbein University.
6. Due to curriculum structures and the variability in student enrollment patterns, Otterbein University cannot guarantee that students who transfer under the provision of this agreement will complete all the requirements to graduate from Otterbein University within two years or by earning an additional 60 semester hours at the Otterbein University.
7. Otterbein University will provide Clark State College with course equivalent information regarding Clark State College courses and their Otterbein University equivalents. Otterbein University will update the information and provide the most current equivalencies to Clark State College for the upcoming academic year, annually no later than July 1.
8. All collegiate-level credit transferred from Clark State College shall be accepted toward the student's class standing and shall be articulated to specific Otterbein University courses when possible.
9. Clark State College and Otterbein University will work together to maximize the acceptance and application of transfer credit. Program specific articulation agreements supporting this institutional agreement will outline selective admission requirements, course equivalencies, and other information

affecting students who enroll in a particular academic program. These supplemental programmatic articulation arrangements must be consistent with the tenets of this overarching institutional agreement. Students transferring credit outside of programmatic articulation agreements will have the application of transfer credit done on a course-by-course basis by Otterbein University. Ultimately, the acceptance and application of transfer credit is the decision of Otterbein University.

10. Collegiate level courses completed at Clark State College with a “C-” or better grade will be accepted for students who transfer with an earned associate’s degree. It should be noted that the student may be required to retake any course in which s/he received a grade of “C-” where there is a higher minimum grade required for all native Otterbein University students pursuing the same academic program. The application of this rule shall be the same for both native Otterbein University students and Clark State College transfer students.
11. All collegiate level courses completed at Clark State College with a “C-” or better grade, by students who choose to transfer before completing an associate degree, will be accepted toward towards the student’s class standing at Otterbein University. It should be noted that the student may be required to retake any course in which s/he received a grade of “C-” where there is a higher minimum grade required for all native Otterbein University students pursuing the same academic program. These credits will also be considered for application to the student’s degree requirements using the same criteria used for native Otterbein University students.
12. Due to federal regulations, financial aid will be disbursed to a student by only one institution. Financial aid for a Clark State College student will end when a student ceases taking classes at Clark State College. Transfer students must reapply for financial aid according to the deadlines and policies at Otterbein University.
